AUDIO EXPERTS WEIGH IN ON 2023'S BEST HEADPHONES

Robert Zohn, CEO of Value Electronics to host
the first-ever Headphone Shootout®

We are excited to introduce the first-ever HEADPHONE Shootout inviting media, influencers, and audio experts who will become critical viewers through the voting process. We will be putting over-the-ear and in-ear headphones up against each other. Our group of esteemed judges will be looking at the sound quality, noise canceling control, comfort level, sound features, and much more.

Categories include in-ear under \$200, in-ear under \$400, in-ear under \$1800, over-the-ear under \$400, over-the-ear under \$900, and over-the-ear under \$1800.
